FUN, NEW SKILLS, EXERCISE, WATER SAFETY

Artistic Swimming WA offers a fantastic entry-level program for boys and girls at schools in Western Australia. The SynchroStART program promotes the sport of Artistic Swimming, which is an Olympic sport.

This fun-packed initiative teaches participants fundamental and valuable water skills. These include:

- water safety
- sculling
- eggbeater
- breath control
- and buoyancy in an aquatic environment.

Participants may use their newly acquired skills to advance further in Artistic Swimming or other aquatic sports.

What do we offer?

Typically, our program offers weekly lessons (40 to 60 minutes), for 6 to 10 sessions in-term. However, we will be able to work with your school to tailor our program to meet any specific requirements or needs you may have.

The program has been running for several years at schools in the Perth Metropolitan and regional areas of WA. Artistic Swimming WA has received very positive feedback from students and teachers. The students are very engaged in the lessons and excited about trying something new.

Student Outcomes and Skills Acquisition

- Increased self-esteem, resilience, and confidence
- Improved body awareness and motor skills
- Enhanced concentration, communication, and listening skills
- Improved strength, flexibility, and endurance
- Teamwork and strategies built through group work

Students learn, refine, and develop greater proficiency across a range of specialised skills and movement challenges. They focus on learning and improving their awareness of body position in relation to the environment, other people, and space. As a team sport, Artistic Swimming provides the students with the opportunity to develop and improve their interpersonal skills through teamwork.

Links with the Australian Curriculum

We can develop and modify our programs to meet the requirements of the Australian Curriculum. For example: Links with the Australian Curriculum for Years 5 and 6.

Personal, Social and Community Health:

Being healthy, safe and active:

Plan and practice strategies to promote health, safety and wellbeing (**ACPPS054**).

Communicating and interacting for health and wellbeing:

Practice skills to establish and manage relationships (**ACPPS055**).

Movement and Physical Activity:

Moving your body:

Practise specialised movement skills and apply them in a variety of movement sequences and situations (**ACPMP061**)

- combining surface propulsion and underwater skills in an aquatic environment
- performing activities that involve a transition from one skill to another

Understanding movement:

Participate in physical activities designed to enhance fitness and discuss the impact regular participation can have on health and wellbeing (**ACPMP064**).

Manipulate and modify elements of effort, space, time, objects and people to perform movement sequences (**ACPMP065**)

Learning through movement:

Participate positively in groups and teams by encouraging others and negotiating roles and responsibilities (**ACPMP067**).

Our Coaches

Artistic Swimming WA will provide experienced SynchroStART accredited coaches who hold a valid CPR certificate, a current aquatic safety certificate and a valid Working with Children Check. The coaches' skill set include:

- Inspiring confidence and motivate participants
- Encouraging students and put them at ease
- To ensure all participants feel included
- Good communication skills
- Perseverance and patience
- Enthusiastic and positive attitude regarding Artistic Swimming

Artistic Swimming WA (ASWA) is proud to support The Duke of Edinburgh's International Award. We offer a range of diverse and enjoyable opportunities for Duke of Ed Participants across WA to complete their Physical Recreation, Skills and Voluntary Service Sections at all levels of the Award.

Proud to support

SynchroStART skills learned:

Skill	Description	Skill	Image Description
